

Dairy Graziers, DGA Wants YOUR Feedback!!

DGA is looking to get YOUR feedback about what kind of programming you'd like us to provide as we continue to grow.

The following brief survey will help us determine what grant funding we should be looking at, how we can best help you and your farm stay relevant, and help to determine the future of DGA's programming.

THIS SURVEY IS MEANT FOR DAIRY GRAZING PRODUCERS.

This is an opportunity to have your voice heard and in less than 3 minutes of your time you can help us greatly!

Thank you for your time!
